NEWS of WEST FLORIDA

BRENT

Special to The Journal.
Brent, Fla., Aug. 19.—The showery season seems to have an extension beyond the normal date for its termination.

We have grand scenery for the artist, in the fantastic clouds, beautiful rainbows and lightning flashes. On Thursday afternoon we seemed to be surrounded by five threatening showers at one time. The thunders rolled from side to side; the boiling clouds belched dangerous whirlwinds. We finally received a drenching downpour, with a driving south-west wind.

Friday was too hot for work or play, in the sunshine—but in the afternoon thunderstorm let in upon us from the north and settled the thermometer down to living figures.

Arthur W. Stephens is spending part of his "vacation" in the country, with W. B. McMillan.

Alford H. Clifton has been an unsuccessful candidate for the "sick" lot.

In the generation of Webster, Clay and Calhoun we had a remarkable trio of statesmanship, oratory and wisdom. Today we have a living trio in Dr. Wyman, President Roosevelt and Dr.

COTTAGE HILL

Special to The Journal.
Cottage Hill, Aug. 19.—Rain every day insures a bountiful hay crop as well as a splendid time to start a fall garden.

Uncle George Haverland is out again after a ten days' sick spell.

Prof. Fairchild is contemplating the erection of a dwelling house in the near future.

A Mr. Durham, of Illinois, arrived this week with his family and expects to make this his future home.

Mr. C. W. McDonald, who has been on the sick list for a month past, is now convalescent.

Mr. Chas. Williams, of Quintette, was stricken with paralysis on Thursday and we understand is in a critical condition. He has been in declining health for a month past.

Mr. George Willis shipped this year to Chicago 2,200 bushels of pears and three car loads of melons. Pretty good for one farm. Still we meet people that say you cannot raise anything in Florida.

Prof. Fairchild is living for a few weeks in a house occupied by the late Dr. Jenkins.

ST. ANDREWS

Special to The Journal.
St. Andrews, Aug. 19.—A very pleasing affair was the lawn party Saturday evening at Mrs. W. H. Drummond's, given under the auspices of the M. E. church for paying up a small indebtedness on the church repairs. The net sum of twenty-six dollars was realized and many varied attractions kept the guests entertained.

Miss Jessamine Shippey, of Wea-hitchka, is visiting Mrs. M. G. Post on Buena Vista avenue.

Mr. W. Connell and family, of Wea-hitchka, are visiting Mr. and Mrs. Joe Gainer for a few days.

A delightful moonlight picnic at the Gulf beach was enjoyed by a party of twenty-six from St. Andrews on Tuesday night. Bathing in a fine surf was the event of the evening, though the beautiful and delightful luncheon served lent its charms to a great degree and too the ride over on the launches in the moonlight—all were pleasant and enjoyed by each one of the merry-makers.

Quite a party of fishermen from Montgomery, Ala., came in on Wednesday's "Tarpon" en route to Bayhead.

BAD BLOOD INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. My system and general health have been wonderfully built up, and I do not hesitate to give S. S. S. the credit for it. E. MARTIN, Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

ASTONISHING RESULTS
Follow Each New Discovery of Science.

The great studies that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years, it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvelous. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by W. A. D'Alemberte, druggist and apothecary, 121 S. DRUG LEADERS

The people of Escambia County, as well as the manufactures generally, look upon us as the drug leaders of this part of the country. Hence, everything in drug store goods comes to us first, and people come here first for their drug store needs. They have learned that that saves time and trouble and is most satisfactory.

ALL SIZES.

The designer, who looks after the fitting of men of irregular sizes, lies awake at nights—so he says—thinking out new ideas for properly clothing short, stout, long-stout, long-limbed and the short-limbed man.

His patterns are perfect and they do away with the services of the merchant tailor. Extra-stout or extra-thin men may be suit-fitted at \$7.50 to \$15.00 and at prices between. The fashions are the newest and the workmanship is perfect.

Try us, please, if you have an idea that you can't be fitted.
